

TEAM BUILDING OPTIONS

Jonginenge provides a service which fosters positive working relationships through carefully planned group challenges requiring team work, problem solving and communication.

- Develop positive company culture through shared experience.
- Discover each other's hidden talents and overcome barriers.
- Individuals experience the magic of effective teamwork.
- Problem solving develops communication skills and creativity.

VALUES BASED TEAM BUILDING

Teams rotate through an initiative problem solving circuit requiring communication, shared problem solving and team work. Planning and reflection develops an effective group dynamic and a shared positive experience is enjoyed by all

OUTDOOR OR INDOOR ACTIVITIES

We can facilitate an outdoor team building session on a beach or field. We also have indoor activities that can be done in a conference room if you opt for the full day/s or in the event of extreme weather. (Half day = 3 hours / Full day = 6 hours)

MINUTE TO WIN IT

These tasks challenge participants to perform under pressure, often with hilarious consequences. The concept has been adapted to a team format in order to build relationships, communication and build a culture of support for one another while reinforcing concepts of trust and areas of responsibility.

BUILD A BENZ

Team members work together to make iconic model Mercedes-Benz cars from cardboard. Each team is given cardboard, a template, stanley knives, a glue gun, wire, paint and paint brushes and must complete their vehicle within 3 hours.

I AM STONE

The Pebble has been shaped by erosion, having withstood the elements of wind, water and weather over time. The pebble represents resilience and strength. The task is for each person to decorate their "I AM Stone" with a picture or message of:

Inspiration
Affirmation
Motivation

LEADERSHIP LESSONS FROM THE OCEAN

This team building option is best at venues in close proximity to the sea and includes a 'Leadership Lessons from the Ocean' Presentation, Boat Building from Recycled Materials and Oceans Game Show.
